01 THE MEGA BUNDLE

Two proven NextGen machines, one smart move. The **Mega Bundle** pairs our custom **phone case** machine with our custom **t-shirt** machine — two high-margin, print-on-demand products from a single, simple-to-run operation. Two revenue streams. One operator. One owner portal.

TWO STREAMS, ~A\$1.5K/WEEK EACH

Each machine averages around A\$1,500 profit per week in a well-placed Australian venue — roughly A\$3,000/week, ~A\$155,000/year combined.

ONE OPERATING PLATFORM

Both machines run from the same owner portal: live revenue, stock levels, one-tap reorder, support tickets, fleet monitoring — all in-house.

PERFECT AUSTRALIAN VENUES

Shopping centres, airports, universities, gyms, hotels, tourist spots, festivals, events — anywhere with steady Australian foot traffic.

Illustrative projections. Actual results depend on placement, footfall, operating hours and marketing. Full modelling provided in the Owner Pack. All figures in Australian dollars.
