01 **THE MEGA BUNDLE**

Two proven NextGen machines, one smart move. The **Mega Bundle** pairs our custom **phone case** machine with our custom **t-shirt** machine — two high-margin, print-on-demand products from a single, simple-to-run operation. Two revenue streams. One operator. One owner portal.

TWO STREAMS, ~\$1K/WEEK EACH

Each machine averages around \$1,000 profit per week in a well-placed US venue — roughly \$2,000/week, ~\$104,000/year combined.

ONE OPERATING PLATFORM

Both machines run from the same owner portal: live revenue, stock levels, one-tap reorder, support tickets, fleet monitoring — all in-house, US-based.

SAME GREAT VENUES

Malls, airports, campuses, gyms, hotels, events and tourist spots love both products. Place them side by side or split across two locations.
