01 **A PROVEN PROFIT MACHINE**

The NextGen machine prints custom phone cases on demand — a high-margin product people genuinely want, sold from a compact retail-tech kiosk. **Every case is about \$28 in, roughly \$20 kept.** It is fun for customers and a serious business for owners.

DESIGN TO PRINTED CASE

LOW INVESTMENT, HIGH RETURN

Single machines from \$20K, fully turnkey — hardware, software, payments and starter stock, ready to earn on day one.

PROVEN, SCALABLE BUSINESS

Simple to run and simple to repeat. Add machines as you grow — one operator can run a fleet from the owner portal.

PERFECT FOR ANY LOCATION

Malls, airports, gyms, hotels, universities, entertainment venues — anywhere with steady US foot traffic.

02 **HOW IT WORKS**

Self-serve from the moment a customer taps Start. No app, no account, no waiting — a premium, personalized case in hand in under five minutes.

1

PICK THE PHONE

500+ supported devices — iPhone, Galaxy, Pixel and more.

2

DESIGN THE CASE

Upload a photo by QR, choose artwork, or create on screen.

3

TAP TO PAY

Apple Pay, Google Pay, contactless, chip or swipe.

4

WATCH IT PRINT

UV-LED printing lays photo-grade color onto a premium case.

5

COLLECT & GO

The finished one-of-one case drops to the pickup tray. That case did not exist five minutes ago — now it is theirs only.

WHAT'S INCLUDED
